United We Trail...Divided We Fail

Club Trip (Pembine):

We made the trip. Conditions were very good and it was nice to meet Greg Kolar, a longtime club member we have not met or rode with before. Thank you to Shane at the Grand Motel for the accommodations.

Welcome:

We would like to take the time to welcome our new members: Giuseppe Tropea (Melrose Park, IL), Derryll Richter (Fox Lake, IL).

Trail Grooming Information:

It is important to respect the work trail groomers do to smooth and restore the snowmobile trails you ride on to a safe condition. Recognize that groomers may be working on the trail at any time. Always keep your snowmobile under control and anticipate that a groomer could be around the next corner or over the hill - and they are a large, immovable object that will win should you collide.

Snowmobile trail grooming requires a 'set up' time whereby the freshly groomed trail can re-freeze. Therefore riders must understand that riding on freshly groomed trails during this essential set up time can quickly destroy the trail base, resulting in long-term rough trails. Set up time will vary depending upon temperature and moisture content of the snow. Generally, at least two to six or even more than ten hours may be needed for the freshly groomed trail to set up to where it is durable and can withstand heavy snowmobile traffic.

Understand that aggressive riding styles harmfully impact the quality and smoothness of the snowmobile trails you ride on, whether the trail is freshly groomed or not. So the next time you hit the brake or throttle, think about how you may have innocently (or purposely) contributed to destroying the trails you would really prefer to be smooth.

Remember groomer operators are volunteers taking time out of their day and away from their families to make the trails nice so you can enjoy your time riding.

Trail Pass (Out of State):

You do not have to live in Wisconsin to take advantage of your Wisconsin trail pass discount.

Being a member of the Twin Runners allows you to purchase a Wisconsin trail pass at the discounted rate of \$10 per snowmobile. To qualify for this discount the snowmobile must be registered in Wisconsin, you can do this by going to the Wisconsin DNR website and leaving the country in the drop down blank and then put your out of town address. If you are not a club member and attempt to get a Wisconsin trail pass it is \$50 per snowmobile. Get your Illinois buddies to join our club and we can get them the discount and they can join us for other fun club events.
