United We Trail...Divided We Fail

Welcome Back:

Well, the season is getting started and we hope everyone has had a great summer so far. We have some fun club events coming up like the Pig Roast Vintage Show & Swap, Snowmobile Safety Course, Cookout, Christmas Party, Club Trips and more.

Want to Become a DNR Certified Snowmobile Safety Instructor?:

Our club is looking for people who want to become snowmobile safety instructors. We hold a DNR certified safety course every November and could use people who want to step in and be a positive role model for people learning to enjoy the sport we love. If you want to be one of these instructors please contact us.

Welcome:

We would like to take this time to welcome our new members: Thomas Davis (Twin Lakes, WI), Michael & Lori Pohl (Otsego, MN), Brian Moore (Sun Prairie, WI).

We hope you enjoy your time as a member and enjoy the various events that we have.

Raffle Tickets:

We still have raffle tickets available for the Trail Fund Raffle and the Kenosha County Groomer Raffle. These can be picked up at any club meeting or event. If you cannot make it to a meeting or event please contact us to purchase or sell tickets.

The Twin Runners Trail Fund raffle winners will be drawn at the Pig Roast (see upcoming events on the back page or the website).

Out of State Members:

Half of our club are residents from Illinois, invite your friends to join our club and they can also get the discounted trail pass. If you have any questions about this or the trail pass please feel free to contact us at info@twinrunners.com

Note (Very Important):

We had a lot of people trying to get the trail pass last minute and it caused an issue with a lot of people statewide trying to get them at the same time and it made getting them take longer than usual. Please apply for the trail pass right away to make sure you have it in time. They only cost \$10 per sled with your club membership discount.

Warning About E15:

The Renewable Fuel Standard (RFS) is the 2005 law that requires the blending of biofuels such as corn-ethanol into our gasoline. To meet this government mandate, in 2010 the EPA permitted E15 (fuel containing up to 15% ethanol) into the marketplace, but only for automobiles made in 2001 or after. The use of E15 in snowmobiles, motorcycles, and small engines such as lawnmowers, chainsaws, and leaf blowers is prohibited. It has been proven that E15 will damage these engines, making it vital that E10 and ethanol free gasoline is readily available. Be careful at the pumps and make sure you are getting the right fuel for your sled. The Mobil station on Route 12 in Genoa City carries ethanol free fuel and is one of our valuable landowners. This is what you want to put in your seasonal engines.

See the back side for upcoming events

Upcoming Events
